

UNIVERSITAS NEGERI MALANG (UM)

KEMITRAAN NEGARA BERKEMBANG (KNB) SCHOLARSHIP 2018

BACKGROUND

The Indonesian Government realizes that higher education has a vital constructive role in achieving a long-term socio-economic goal since it has a clear and practical impact on society. It will advance responsible citizens, ethical behaviour, educational ambition, and professional development in a wide range of fields and cross border engagement. As part of our commitment to helping our international society in living through the global, social, and economic challenges, we dedicate in sharing our experience and resources in raising highly skilled and educated society by contributing to the human resources development in our neighbouring developing countries. The developing countries need leaders, well-mannered society, educated citizens, and skilled workers for their industry, government and academia. In this regard, the Indonesian Government offers KNB scholarship for potential candidates in developing countries to develop their knowledge and competencies in realizing their role back to their home country. It opens the chances to experience the life in the culturally diverse nation of Indonesia while studying and earning a Master's degree.
